# THE ANCHE: THE TERRITORIAL POSTAL SERVICE OF MYSORE STATE

*By L.G. Shenoi*

The Anche Service of Mysore State was perhaps the oldest among the highly organized postal systems operating in the Indian Princely States during the eighteenth and nineteenth centuries. Organized initially in 1672 AD or there about, during the reign of Chikka Deva Raya, it was primarily meant for carrying official communications. In fact, very little has been recorded about the working of this organization during the 17<sup>th</sup> and 18<sup>th</sup> centuries.

Sometime back I had undertaken some research into the organization and working of the Anche. Unfortunately, I found that most of the records pertaining to this subject had either been destroyed or, perhaps, removed to some archives. I could gather some information, however, pertaining to the period 1864 to 1889.

It may be noted that during the sixties and seventies of the 19<sup>th</sup> century, the administration of the Mysore State, was assumed by the Imperial Government of India, who appointed a Commissioner/Chief Commissioner to administer the State. Many measures were taken during this period to improve the efficiency of the Anche.

The Anche had about 150 offices spread throughout the State until about 1878, and had manpower strength of about 1,800. The following table gives the number of items of mail which passed through the Anche in a year:

YEAR	No. OF ARTICLES
1864-65	2,026,793
1865-66	2,253,080
1866-67	2,050,122
1867-68	2,156,124
1868-69	2,206,387
1869-70	2,370,340
1870-71	2,323,734
1871-72	2,478,169
1872-73	2,543,673
1873-74	2,706,783

# LIST OF STAMPS 1852 TO 2007

## FOREWORD

*Ever since the Scinde Dawk was issued in 1852 by the Colonial rulers, and after attaining independence issue of postage stamps have been a continuous activity of postal services. These issues have also been listed out in a number of publications so far. However most of these publications are priced high and are therefore out of reach of the children and budding philatelists.*

Keeping this in view, a simple list containing the year of release of various stamps since 1852, with their denominations and particulars of stamps released is being published. For further details about the stamps released, other publications can be referred to.

We hope that this publication will be of use to the budding philatelists.

13.10.2008.

The number of Anche Offices and the length of postal (Anche) lines during the period 1872-1879 were as under:

YEAR	No. OF OFFICES	DISTANCE OF POSTAL LINES (MILES)
1872-73	151	2321
1873-74	150	2304
1875-76	152	2312
1876-77	154	2326
1877-78	157	2365
1878-79	156	2365

The Anche carried letter, ordinary, as well as registered, book packets, newspapers, and parcels. Postage stamps were not in use and postage had to be prepaid in cash, for which the Anche granted receipts. The Anche played handmaid to the Imperial Indian P.O. in respect of mail addressed to places outside the State. The Mysore Gazetteer has this to say on the arrangement. "No extra postage was levied the Mysore on letters received for transmission to British territories through British Post Offices, or on those received for delivery in the State." As the collection of postage on Bearing letters caused a lot of inconvenience and complication of accounts, it was arranged for a few years that only paid letters will be delivered through the Anche. However, with effect from 1<sup>st</sup> April 1873, the system of sending unpaid letters for delivery through the Anche was revived. The arrangement was that "the Anche will pay to the Imperial Post Office half the bearing postage due on covers posted in India, and the whole of the postage due on covers posted out of India addressed to Anche station. No deduction or refunds will be recoverable for postage due on undelivered covers.

Probably because of the arrangements with Anche, the Imperial Post Office had closed down their Post Offices at French Rocks, Hoonsoor, Seringapatam, Shimoga, and Toomkoor and handed them over to the Anche in 1863.
